Comments Regarding Pricing Strategy		
<p>The subject property is a single family home, which is in overall average condition on the exterior. When searching for comps, the distance searched was 1 Mile and the time searched was 6 Months time. Sold comps were searched for beyond 3 Months time to locate properties similar in GLA and other attributes. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. The market area has many recently remodeled or significantly updated homes, which were excluded from use in this report, because they are not most representative of the subject. However, it was necessary to use one superior condition comp with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.85 miles and the sold comps
Notes closed within the last 4 months. The market is reported as having increased 2% in the last 6 months. The price conclusion is deemed supported.
