Comments Regarding Pricing Strategy		
<p>The subject property is a single family home, which is in overall average condition on the exterior. The subject's GLA is unique for this area, and to locate comps similar in attributes it was necessary to expand beyond 1 Mile and 3 Months Time to locate similar comps. When searching for comps, the distance searched was 2 Miles and the time searched was 12 Months time. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. The market area has many recently remodeled or significantly updated homes, which were excluded from use in this report, because they are not most representative of the subject. However, it was necessary to use one superior condition comp with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area.</p>		

Clear Capital Quality Assurance Comments Addendum
