Comments Regarding Pricing Strategy		
<p>Our market is currently stable- SFR saw a jump of 6% in sales price since this time last year, while condos/townhomes saw an increase of 8.9% in sales price. Demand remains strong with supply remaining tight; Inventory is just over a 2 month supply. Distressed sales remain low, accounting for only 1.8% of sales. Cash sales account for about 22% of recent sales. Days on market have increased slightly- roughly 71% of homes sell within 60 days. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property.</p>

Addendum: Report Purpose

Market Approach and Market Time

The Market Approach of this report, as established by the customer, is: **Fair Market Price**. (See definition below.)

The Marketing Time as specified by the customer is **Typical**. (See definition below.)

Definitions:

Fair Market Price

A price at which the property would sell between a willing buyer and a willing seller neither being compelled by undue pressure and both having reasonable knowledge of relevant facts.

Distressed Price

A price at which the property would sell between a willing buyer and a seller acting under duress.

Marketing Time

The amount of time the property is exposed to a pool of prospective buyers before going into contract. The customer either specifies the number of days, requests a marketing time that is typical to the subject's market area and/or requests an abbreviated marketing time.

Typical for Local Market

The estimated time required to adequately expose the subject property to the market resulting in a contract of sale.
