Comments Regarding Pricing Strategy

Subject was valued using the best comps available. Due to a lack of available relevant comps it was necessary to exceed the guideline search radius. Range in ages of construction and lot sizes reflect the area and do not affect subject's marketability. Due to the lack of comps, it is expected that subject would sell with multiple offers and overbids regardless of condition. It is expected that the listed comps would sell above their listing prices

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
