VI. Marketing Strategy

	As Is Price	Repaired Price

Comments Regarding Pricing Strategy

Subject is centrally located and it is close to local amenities. Subject location within a 1 mile radius includes mixed usage, residential, and commercial and so the comparables used are already similar and has little effect on current valuation of subject. Property value was arrived from using Listing #2 and Sale #2 as my most weighted comps that shares the most similar overall features and amenities to subject. The adjustments are sufficient for this area to account for the difference between the subject and comps.

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
