<b>Comments Regarding Pricing Strategy</b>		
<p>There is no address verification on the property therefore I took picture of the street sign. Property is verified by neighbor. Subject property is located close to a school and a major road, which has negative impact on value. All comps share subject's external factors. All comps provided are the best found in neighborhood. They are all selected based on the similarity and conformity with our subject to be good and it is located in a high demand area. Value is based on the assumption that subject has the characteristics in the report which is based on tax record information. Subject value is placed on sold comps that are from subject's immediate market area and are recent sales.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
