### Comments Regarding Pricing Strategy

Price opinion is based upon room count, square footage, location and neighborhoods. Many comparables were reviewed/analyzed before price opinion was set. All comps are located in the same market as the subject. These comps are considered of similar overall quality as possible. These comps are considered the most appropriate currently available after a thorough search of market data services limited to MLS. There is a shortage of comps in the subject's immediate neighborhood. The Santa Barbara market has a shortage of comps, which makes searching for comps within a 2 mile range a necessity. Note: Some requirements had to be exceeded due to no other appropriate comps available in an appropriate neighborhood and location.

## VII. Clear Capital Quality Assurance Comments Addendum

<b>Reviewer's Notes</b>	The report is well supported. The broker has supplied good comps considering the market area and comp availability.
