VI. Marketing Strategy

	As Is Price	Repaired Price
Suggested List Price	\$958,000	\$958,000
Sales Price	\$948,000	\$948,000
30 Day Price	\$920,000	--

Comments Regarding Pricing Strategy

There is a value variance between tax record gla and the recent mls listing. GLA based on tax records (uploaded) as it is deemed most reliable. There is also a large variance in list price vs market value due to the gla variance. Value based on comp data found from the MLS, I used comparables within the same market. Based on the current comps and market the subject should sell in the indicated range as based on competitive sales and listings. After a thorough search in the MLS for comps of similar size and property type, I had to extend over a 1 mile radius in this area due to a lack of comparables found that were similar and reasonable substitutes for subject property.

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The price is based on the subject being in average condition. Comps are similar in characteristics, located within 1.67 miles and the sold comps closed within the last 6 months. The market is reported as having increased 6% in the last 6 months. The price conclusion is deemed supported.
