Comments Regarding Pricing Strategy		
<p>Subject property is located in a residential neighborhood and conforms to it. Pricing based on current available comps as near to the subject as possible. Best available comps in the neighborhood most similar to the subject property in all characteristics were used to complete this order. Upon inspection, subject property and its neighboring homes appear to be free and clear of any natural disaster related damage. Due to lack of comps in the area similar in build to the subject property, an extended search was necessary to complete this order. Wide comp range was also utilized in order to complete this BPO.</p>		

Clear Capital Quality Assurance Comments Addendum
