Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

Sold 2 The comp is inferior in GLA size and bathroom count. It is superior in bedroom count. It is a similar style ranch with a 3 car garage. Average condition. No concessions.

Comments Regarding Pricing Strategy

The search radius was expanded due to a lack of comps. The sale comps are within 1 mile but there were no similar list comps found within 1 mile of the subject. A 2 mile search radius was utilized to provide the most similar list comps available. More weight was given to the sale comps. The subject is a ranch style single family home in average condition. It needs exterior trim paint. Probable as-is price is value for a fair market sale. Value assumes interior condition is similar to the exterior and typical for the immediate neighborhood. No short sale or REO comps were utilized or considered in the final value. Market values are increasing and there is a shortage of listing inventory on the market. The search for sale comps was expanded to within six months due to limited similar sales within three months.

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's The price is based on the subject being in average condition with \$1,200 recommended in total repairs. Comps are similar in characteristics, located within 1.67 miles and the sold comps closed within the last 4 months. The market is reported as having increased 3% in the last 6 months. In addition, there was a prior report completed 08/2018 and the 11.8% price variance is supported by market conditions. The price conclusion is deemed supported.
