Comments Regarding Pricing Strategy

All selected comps are located in suburban area, within 0.3 mile radius. Due to lack of similar comps, I was constrained to use the ones, that required some GLA, age and room count adjustments. Necessary adjustments have been applied. In overall, all comparables offer good overall similarities to the subject and are representative of both the subject neighborhood and nearby competing neighborhoods of similar size and style homes offering similar buyer appeal. Subject value was based mostly on comps, that provide best similarities to the subject.

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
