**Sold 1** Most similar comp, most weight to this sale. The comp is a model match 2 bedroom unit in average condition. It is the most recent sale in the development. Comparable unit.

**Sold 2** This comp was used because there were only three sales in the development in the last six months. It is superior in GLA size and bedroom count. No concessions.

**Sold 3** This comp is the least recent sale. It is the third most recent sale in this development. It is superior in GLA size but inferior in bathroom count. Less weight has been given to this comp due to sale date and increasing market values.

### Comments Regarding Pricing Strategy

The subject is a condo unit with a carport. It conforms to the development. Probable as- is price is value for sale in a normal marketing time as a fair market sale. No short sale or REO comps were utilized or considered in the final value. Market values are increasing and there is a shortage of listing inventory on the market. The search for sale comps was expanded to within six months due to limited similar sales within three months in the subject's development.

## VII. Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.28 miles and the sold comps closed within the last 3 months. The market is reported as having increased 3% in the last 6 months. The price conclusion is deemed supported.
