## VI. Marketing Strategy

	As Is Price	Repaired Price
<b>Suggested List Price</b>	\$265,000	\$267,000
<b>Sales Price</b>	\$255,000	\$257,000
<b>30 Day Price</b>	\$245,000	--

### Comments Regarding Pricing Strategy

The subject is listed as a short sale. It is severely under priced. The value provided in the report is based on currently listed fair market list comps and recent fair market sale comps. No consideration has been given to the subject's current short sale list price when determining the subject's value. The current list price is not supported by any market data found in the subject's neighborhood or even an expanded area. Probable as-is price is value for sale in a normal marketing time as a fair market sale. No short sale or REO comps were utilized or considered in the final value. Market values are increasing and there is a shortage of listing inventory on the market. The search for sale comps was expanded to within six months due to limited similar sales within three months.

## VII. Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The price is based on the subject being in average condition with \$1,200 recommended in total repairs. Comps are similar in characteristics, located within 0.21 miles and the sold comps closed within the last 4 months. The market is reported as having increased 3% in the last 6 months. The price conclusion is deemed supported.
