### Comments Regarding Pricing Strategy

The subject is most similar to SC1 and SC2. Market values are increasing so most weight was given to SC1. Probable as-is price is value for sale in a normal marketing time as a fair market sale. No short sale or REO comps were utilized or considered in the final value. Market values are increasing and there is a shortage of listing inventory on the market.

## VII. Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
