### Comments Regarding Pricing Strategy

The subject is most similar to SC1. It is a model match but lacks an in-ground pool and spa. Probable as-is price is value for a fair market sale. Value assumes interior condition is similar to the exterior and typical for the immediate neighborhood. No short sale or REO comps were utilized or considered in the final value. Market values are increasing and there is a shortage of listing inventory on the market. The search for sale comps was expanded to within six months due to limited similar sales within three months.

## VII. Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.27 miles and the sold comps closed within the last 5 months. The market is reported as having increased 3% in the last 6 months. The price conclusion is deemed supported.
