**Listing Comments** Why the comparable listing is superior or inferior to the subject.

**Listing 1** This is an older home in a lesser location and less desirable, but was the next closest listing in size and age.

**Listing 2** This home is in the same subdivision so the features are the same but this is a slightly larger floor plan in an earlier phase.

**Listing 3** This location and home were purported to be more affluent than the subject, but they tend to be close in value and draw the same clients.

\* Listing 2 is the most comparable listing to the subject.

### Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

**Sold 1** This is also a gated location but is not age restricted so there is more buyers available, but beyond that, the desirability is identical.

**Sold 2** This is the same subdivision and the same builder in a slightly smaller floor plan, but the general specs are the same.

**Sold 3** This is the same floor plan on the same street so it is as solid a comp as could be found. The price could vary \$10,000, but that is about all the fluctuation we could expect.

\* Sold 3 is the most comparable sale to the subject.

### Comments Regarding Pricing Strategy

There are a number of models in this location, but the general value varies very little.
