VI. Marketing Strategy

	As Is Price	Repaired Price
Suggested List Price	\$200,000	\$200,000
Sales Price	\$198,000	\$198,000
30 Day Price	\$189,000	--

Comments Regarding Pricing Strategy

The valuation of the subject property assumes (1) seller- financing is or would be available on a real estate note or contract, (2) a reasonably motivated and unrelated buyer, (3) a 5-10% down payment, (4) a borrower with at least fair (but not necessarily conforming) credit, and (5) an average marketing time for comparable properties in this market. Property styles for Alaska are widely varying. It is common practice to use different styles in valuation as most important factor is GLA. Similar styles and square footage even in the same subdivision are hard to find. Alaska homes vary widely from year built to size. It is typical to use comps with this distance without tainting the worth of Value. Best Comps used for the current market and weather conditions. These comps are within acceptable tolerance and are easily considered worthy for Valuation.

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
