An insufficient number of comparable sales are available within 3 months of the current date. Comparable sales and listings were not available to bracket the subject GLA or lot size. Subject property estimated market value is based on the adjusted net sale value of the comparable sales. Selected comps are the best available to represent the subject property current market value. The subject property have minor deferred maintenance of approximately \$1000 damage wood and missing shingles(see attached pictures).

VII. Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
