<b>Comments Regarding Pricing Strategy</b>		
See expansion of search parameters below. The subject is located in a rural town with limited real estate activity. The subject is located on a large acreage parcel. The subject is one of the oldest and largest homes in the area. The lack of comparables required an extension of the search parameters as follows: search radius of 40 miles to include similar rural communities, a six month timeframe, square footage range of 20%, year built range of anything before 1950, minimum lot size was set at 0.35 acre, all other filters were removed. The most similar comparables were then selected. Priority was given to the most similar closed transaction. Given a lack of more available comparables the value bracket was relaxed. The same market conditions exist for all properties in this report. Adjustments applied.		

## Clear Capital Quality Assurance Comments Addendum
