<b>Comments Regarding Pricing Strategy</b>		
<p>It was necessary to extend search parameters in order to find the most comparable listings. There is an inventory shortage. All comparables are taken from similar neighborhoods. Subject property is noted to be in average condition from the exterior and is located in a residential area of similar homes with no adverse external influences noticed. I went back 12 months, out in distance 2 miles, and even with relaxing gla search criteria I was unable to find any comps which fit the requirements. Within 2 miles and back 12 months I found 10 comps of which I could only use 3 due to lot size factors. The ones used are the best possible currently available comps within 2 miles and the adjustments are sufficient for this area to account for the differences in the subject and comps.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.08 miles and the sold comps closed within the last 10 months. The market is reported as being stable in the last 6 months. The price conclusion is deemed supported.
