Comments Regarding Pricing Strategy		
<p>It was necessary to extend search parameters in order to find the most comparable listings. There is an inventory shortage. All comparables are taken from similar neighborhoods. Subject property is noted to be in average condition from the exterior and is located in a residential area of similar homes with no adverse external influences noticed. I went back 12 months, out in distance 2 miles, and even with relaxing glra search criteria I was unable to find any comps which fit the requirements. Within 2 miles and back12months I found10comps of which I could only use3due to lot size factors. The ones used are the best possible currently available comps within2miles and the adjustments are sufficient for this area to account for the differences in the subject and comps. Recent listing is too far above the value of most all comps in the area similar in condition so cancelled list price was not considered</p>		

Clear Capital Quality Assurance Comments Addendum
