Comments Regarding Pricing Strategy		
<p>Sale 2 and list 3=1 were given the most weight because they are most proximate to the subject .Search proximity was set within a 1 mile radius of the subject location. Size was set to highlight comps that remain within 35% of the subject and contain an age that remains within 20 years of the subject.Pricing was based on recent area sales, size, location, current market and condition. As long as home is free major repairs and priced competitively there should be no issue with marketing the property in as-is condition.Broker price opinion as of this date based on the current market trend is \$110000.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
