<b>Comments Regarding Pricing Strategy</b>		
<p>The subject property is a single family home, which is in overall average condition on the exterior. When searching for comps, the distance searched was 1 Mile and the time searched was 6 Months time. Sold comps were searched for beyond 3 months time to locate the most similar comps based on GLA and other attributes. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. The market area has many recently remodeled or significantly updated homes, which were excluded from use in this report, because they are not most representative of the subject. However, it was necessary to use one superior condition comp with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area. The subject did not appear to have any negative site influences. The subject's bedroom and bathroom count has been estimated as it is not available in tax records.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
