<b>Comments Regarding Pricing Strategy</b>		
<p>In searching for comparables, location, lot size, design, age, and gross living area were all given strong emphasis. The comparable sales used are considered the best available closed sales at the time of preparing the report. The following data sources were used for obtaining subject, sales and listing information: First MLS, GA MLS, and Tax Records. It was necessary to exceed the date of sale guideline of 3 months due to limited market activity within 3 months. It was necessary to exceed the GLA variance guideline of 20% in an effort to better bracket the subject's feature set. Various styles homes are used as the most similar found, all compete with the subject style in the market. All comps are located within 1 radial mile of the subject property.</p>
