Comments Regarding Pricing Strategy		
<p>Pricing strategy emphasis was placed on current market trends and recently sold comps. There are limited sold comparable properties within a one-mile radius to the subject property. Home pricing strategy is based on the trend of price reductions and seller concessions for similar properties in the area. Please note this value conclusion is based on the most recently sold homes with similar features and amenities as the subject property as well as my market knowledge of the area. The value was derived from homes within a 1-mile vicinity of the subject property with an emphasis placed on proximity to the subject property. The closing date range was expanded to 8 months in order to identify sold comps that were comparable to the subject property. The current market trend is stable and all homes used in this report were sold at fair market value.</p>
