Comments Regarding Pricing Strategy		
<p>*Per attached aerial photo, subject is in close proximity to commercial property. As this is unique for the area, an adjustment has been made to suggested list price of subject as well as sold comps for location. *Subject is a 1-story home exterior in average condition which conforms w/rest of homes in neighborhood in style, condition and year build but is smaller in size. According to mls, average sf for subject market area is 1,960sf, average year build is 1960, average lot size is 0.34ac, average sold price is \$ 224,990. *Although order calls for comps sold within past 3 months, there were not enough conforming comps to meet this requirement while staying within the other optimal ranges for subject. The best comps available were used to estimate the subject market value.</p>
