Comments Regarding Pricing Strategy

Most of the neighborhood comparable are with residential frontage and updated and many upgrades in the prior 10 years. It should be noted that homes in the immediate neighborhood vary significantly in terms of renovations, upgrades and condition. Therefore comparable with minimal updates were used in the report. In order to locate proximate comparable it was necessary to exceed year built, closing date, GLA, proximity and bed/bath count guidelines. Subject has immediate access to commercials and major roads. Since there were limited comparable available it was necessary to use comparable with variance in location and cross the major roads. This however will not affect the current market value of the subject. In delivering final valuation, most weight has been placed on CS2 and LC1 as they are most similar to subject's condition and overall structure. The suggested comparable 1270 E Bell Ave # 95p and 1152 S Clifpark Cir # 19p were used in this report.
