<b>Comments Regarding Pricing Strategy</b>		
Comps in the subject condition are scarce, particularly active inventory, as distressed condition properties such as the subject attract attention from a very vibrant investor market. The search radius was expanded to two miles, and comps in "as-repaired" condition were used to show potential return on investment. All comps are the best available.		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect  
**Notes** the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
