| Comments Regarding Pricing S | Strategy | | |

Our market is currently stable- SFR increased 3.8% in sales price since this time last year, while condos/townhomes saw an increase of 9.7% in sales price. Inventory is around a 3 month supply. Distressed sales remain historically low, accounting for only 3% of sales. Cash sales account for about 22% of recent sales. Days on market have increased slightly-roughly 75% of homes sell within 60 days. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property.
