<b>Comments Regarding Pricing Strategy</b>		
Subject property should be priced near mid low range of competing listings due to oversupply of directly competing properties in this area. Subject property is most like Sale #3 which sold for adjusted sales price of \$466,700. Subject property would be expected to sell near this price point with 90 days on market. This property is currently listed for sale for \$450,000. It was previously under contract 2 times with a price of \$459,900. This property appears to be priced for quick sale.
