<b>Sales Price</b>	\$230,000	\$230,000

<b>Comments Regarding Pricing Strategy</b>		
<p>Our market is currently stable- SFR saw a jump of 4.8% in sales price since this time last year, while condos/townhomes saw an increase 6.5% in sales price. Number of sales are down 11.1% since last year. Inventory hovers around a 3 month supply. Distressed sales remain low, accounting for only 2.2% of sales. Cash sales account for about 20% of recent sales. Days on market have increased slightly- roughly 78% of homes sell within 60 days. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property. Subject recently sold for a lower value as an REO. Interior condition is unknown and may account for part of the difference in recent sale price and the value that the comps support. There are no comps to support its recent sales price.</p>
