Comments Regarding Pricing Strategy		
<p>Our market is currently stable- SFR saw a jump of 3.3% in sales price since this time last year, while condos/townhomes saw a slight decrease of 0.6% in sales price. Demand remains strong with supply remaining tight; Inventory hovers around a 3 month supply. Distressed sales remain low, accounting for only 2% of sales. Cash sales account for about 23% of recent sales. Days on market have increased slightly- roughly 75% of homes sell within 60 days. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property.</p>
