<b>Comments Regarding Pricing Strategy</b>		
<p>Subject property has a converted garage. Subject property is right on the Antelope/North Highlands border. Final value brackets smoothly between mid and high sold comps General area and neighborhood typically is superior to surrounding area(s) in that most properties have been upgraded with hardwood flooring, softer interior paint, premium kitchen features as opposed to standard builder features to name a few. I have yet been able to find from a public records or an MLS search a listing describing a property as average condition or average features. To summarize, the condition of the interior of the improvements being valued is the same as the exterior condition of the property unless specified in the report. This being said, upgrades with neighboring properties in average condition are presumed similar to the subject property and viceversa.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's** The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.97 miles and the sold comps  
**Notes** closed within the last 5 months. The market is reported as having increased 2% in the last 6 months. The price conclusion is deemed supported.
