Comments Regarding Pricing Strategy		
<p>The home pricing strategy is based on the current market trends and recently sold comps; as well as, the trend of price reductions and seller concessions for similar properties in the area. Please note this value conclusion is based on the most recently sold homes with similar features and amenities as the subject property as well as my market knowledge of the area. The value was derived from homes within a .5-mile vicinity of the subject property with an emphasis placed on proximity to the subject property. The current market trend is stable and all homes used in this report were sold at fair market value.</p>
