Listing Comments Why the comparable listing is superior or inferior to the subject.

- **Listing 1** Most similar to subject property in age, condition of home and similar in square footage. Subject property has an additional room.
- **Listing 2** Listing 2 is not as comparable as listing #1 to the subject property due to the age of property. Similar in room count and square footage however it was a total renovation with new appliances, plumping and fixtures. Exterior features of property are superior to the subject property.
- **Listing 3** Listing #3 has an additional room though it is very similar in square footage. The property has a basement and a larger lot than the subject property. The home features a new roof, hardwood floors and all new appliances.

Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

- **Sold 1** Sold comp #1 is larger in sf, adjustment made. No adjustment made to age as they are the same. Comp is a total renovation and everything is brand new, so an adjustment was made for condition/quality of home.
- **Sold 2** Sold #2 is a ranch style with a bonus room. It is similar to subject in square footage and quality. Adjustments made for age and a small adjustment for square footage.
- **Sold 3** Sold comp #3 is a total renovation so a negative adjustment was made for quality and the difference in square footage. No adjustment made to age.
