Comments Regarding Pricing Strategy		
<p>The subject is a one-story brick home with a two-car garage. The subject's room count is based on tax records. An attempt to find all sales and listings in a similar condition to the subject was made. However, due to lack of comps, this was not possible. Please note due to lack of comps some lot size tolerances were exceeded as well as some distance parameters were expanded. The subject is on the city sewer. The search criteria were set to a one- mile radius search (preferably using comps in the same subdivision when available) for comps within 5 years of age +/- and 20% sqft +/- . When this was not available the search radius was expanded. Please note the subject has a 2-acre lot. There are no homes with any criteria in 3 miles that have a lot this size. Most homes in this area are newer than the subject. Due to this, all criteria had to be expanded and most comps will appear out of range. No comps in three miles support the last list price of the subject.</p>
