Comments Regarding Pricing Strategy		
Value is based on adjusted sold comps at normal market times with some weight given to current market conditions. Market in the area has been increasing over the past year as well as home values. Due to limited comps, it was necessary to expand some search criteria in order to find enough comps to use in the report.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes	The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
