Listing Comments Why the comparable listing is superior or inferior to the subject.

- Listing 1 Welcome Home! This 3 bedroom and 2 bathroom corner lot home is situated on almost half an acre and located near the Oak Hills neighborhood. This property has been renovated and comes with new central air and heating system, new appliances, wooden fireplace, and new tile flooring. This is a must see!
- Listing 2 (Non descriptive MLS comments) Equal in location, similar in build though superior in appeal with two story and tile roof, lack of comps, interior appears clean and ready for move in with minimal expected updating, floors have been updated in recent years.
- Listing 3 Similar in build, interior appears to need average updating though move in ready, equal in location. The interior features tall ceilings, a split floor plan, indoor laundry and a 3 car garage. The extra large lot (2.7 plus acres) provides a great space for livestock keeping, horses, and other large animals according to City of Hesperia Summary of Land Uses. Property is fenced, cross fenced, and includes a hay shelter and tack room. Plenty of room for multiple RVs or trailers. Water and electricity connections located midway through the lot.

Comments Regarding Pricing Strategy

Parameters for search used were: 6 months sale date, 1 mile radius, +- 300 sqft, +-5 year age difference. 15 sold comps and 3 list comps were returned. Comps chosen are similar in marketability and amenity as well as location, unless otherwise noted due to a lack of available comps. This report is completed assuming subject was built using standard builder grade materials with no assumed updating. Adjustments to the comps have been made, where necessary, to bring the comps as close to subject as possible for accurate pricing. The most weight has been placed on sold comp 1 which is most similar in overall appeal and condition. Subject is located in a populated area that can be marketed to most average home buyers. Subject list price should be competitive with the available list comps for maximum exposure with pricing emphasis placed on the pending list comps. 90 day marketing times are uncommon in this area so an increased list price above available list comps would be needed if 90+ day marketing time is the goal. Value is based on exterior only and the assumption the interior is in average condition. Any discrepancies in this assumption could affect the suggested value either way.
