Comments Regarding Pricing Strategy		
<p>Due to slow sales and the lack of similar comparable properties, some comps used may exceed typical allowed variances in distance, lot size, age and/or square footage. Comparable properties used were closest in style and location to subject with most consideration given to GLA, age/condition, and setting. There were a lack of comparable similar properties in the area not upgraded requiring the use of some comps over 6 month guideline and some comps in differing condition with adjustments in the report. Subject's final value represents a value with normal marketing times and based on the most similar and proximate comps in this report.</p>
