<p>Most weight given to sold comp 2 because it is most similar to the subject in sqft, location and age. Homes priced in line with the projected market price of the subject are selling in a normal market time. The current marketing strategy for the subject property is based on a stable market with homes and land in the subjects area remaining stable in the last 6 months. The inventory of the homes in the area is at a 4.5 months supply. The comps that are being used are the best available for determining value.</p>
