<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is currently pending for sale and listed on the market for \$219900 on 09/07/2020. The current suggested sales price and or list price provided are most realistic, however subject to change due to the current market trend. The sales were considered the best from the extensive search of market data and this a fair representation of the subject property in this area. To maximize the accuracy of initial valuation, we have elected to increase the time span of closed sales past the favourable 3-month window to find comparable that required the fewest net adjustment. To find comparable that reinforced the subject's GLA, age, and condition necessitated a search using distances over one mile.</p>
