<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is located in a position which is difficult to photograph. The best photos possible showing as much of the subject as possible have been provided with this report. The subject property is a single family home, which is in overall average condition on the exterior. When searching for comps, the distance searched was 1 Mile and the time searched was 6 Months time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. There are many rehabbed/remodeled homes in this market area, and they were excluded from the initial comp search. However, it was necessary to use three superior condition comps with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area. The subject backs to a through street. Three comps were located with a similar influence, and the remaining comps were adjusted for this difference.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
