<b>Comments Regarding Pricing Strategy</b>		
<p>Subject property should be priced near low range of competing listings due uninhabitable condition, unable to get standard financing in as is condition. Subject property would be expected to sell near mid high range of adjusted competing sold properties with 90 days on market. Repair of fire damage (new roof, sheeting, new HVAC unit, new paint, broken windows, would be expected to have a positive return on investment, allow financing. Property should have extensive interior inspection to determine other damages which most likely exist from fire.</p>
