Comments Regarding Pricing Strategy		
<p>Within 1 mile, +/- 20% GLA , Year built +/- 20, there were limited comparables available in the subject neighborhood. Therefore it was necessary to exceed proximity beyond a mile, GLA upto 30%, room count, closed date beyond 3 months, year built, lot size and condition guidelines. Due to limited comps in the area, listing and sold comps were used despite not bracketing the GLA as they are still considered to be reliable comparables. Subject has 0.05 acres lot size. Since there were limited comparable available it was necessary to use comparables with variance in +/- 30% lot size. Subject is located near busy street, worship place, school, park and commercial buildings. Due to limited comparable from same location, it was necessary to use comparables from across the busy street. However, this won't affect the market value. In delivering final valuation, most weight has been placed on CS1 and LC2 as they are most similar to subject condition and overall structure. Subject attributes are taken from tax record. OA was not available at the time of report. "The subjects address was not clearly visible from the street however I made visual confirmation with the tax maps. "</p>		

Clear Capital Quality Assurance Comments Addendum
