<b>Comments Regarding Pricing Strategy</b>		
<p>*Due to lack of conforming market activity all ranges were relaxed to find the best comps available. *Subject is a 1-story home exterior in average condition which conforms w/rest of homes in neighborhood in style, condition and year build but is larger in size. According to mls, average sf for subject market area is 1,759sf, average year build is 1960, average lot size is 0.40ac, average sold price is \$ 215,000. Land Only value is \$15,000. Tax Records are attached. *Although order calls for comps sold within past 3 months, there were not enough conforming comps to meet this requirement while staying within the other optimal ranges for subject. The best comps available were used to estimate the subject market value. *This represents an estimated sale price for this property. It is not the same as the opinion of value in an appraisal developed by a licensed appraiser under the Uniform Standards of Professional Appraisal Practice.</p>
