Comments Regarding Pricing Strategy		
<p>The subject property is a single family home, which is in overall average condition on the exterior. When searching for comps, the distance searched was 1 Mile and the time searched was 12 Months time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. There are many rehabbed/remodeled homes in this market area, and they were excluded from the initial comp search. However, it was necessary to use one superior condition comp with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area. The subject's lot size could not be bracketed by the sold comps, but is bracketed by the listing comps. The sold comps were adjusted for this difference. The subject did not appear to have any major negative site influences.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.58 miles and the sold comps
Notes closed within the last 7 months. The market is reported as having increased 2% in the last 6 months. The price conclusion is deemed supported.
