| Comments Regarding Pricing Strategy | | |
| <p>The subject property is a single family home, which is in overall average condition on the exterior. When searching for comps, the distance searched was 1 Mile and the time searched was 6 Months time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. Since the subject is in average condition, emphasis was placed on using comps which were also in average condition. There are many rehabbed/remodeled homes in this market area, and they were excluded from the initial comp search. However, it was necessary to use two superior condition comps with adjustments due to the limited similar comps in this area. Market conditions and property values are improving within this area. The subject did not appear to have any major negative site influences. The subject was confirmed to be located in a PUD Community, as the subject's Deed of Trust includes a PUD Rider, and the subject community has an HOA.</p> | | |
