Comments Regarding Pricing Strategy		
<p>The subject property is a single-family. I have searched a distance up to 0.5 miles, gla +/- 20% sq ft, lot size 30% +/- sq ft, age 10% +/- yrs, and up to 6 months in time. There were limited similar criteria comparable available. Therefore, I exceeded sold date, GLA, lot size, bath count, and proximity guidelines up to 0.90 miles. Due to limited comparable with similar criteria variance in bath count comparable and superior conditions comparable were used in this report. Due to limited comps in the area, active comps were used despite not bracketing the GLA as they are still considered to be reliable comparables. The subject is located near busy roads, waterbody, highway, golf course, school, and commercial buildings. Comparable were also from the same location and support value. In delivering final valuation, the most weight has been placed on CS2 and LC2 as they are most similar to subject condition and overall structure</p>
