Comments Regarding Pricing Strategy		
<p>Subject is inferior to other neighborhood properties without a finished basement. This will be a negative for a prospective buyer looking for additional living space. In order to provide an accurate market value for the subject it is necessary to use sold and listed comparable properties that are similar with unfinished basements. Because of this it was necessary to expand sold search date up to 9 months and expand search radius up to 1 mile to find comparable properties. More weight is placed upon the sold comparable properties as all are similar in with unfinished basements. Due to the Covid-19 virus many of listed properties were withdrawn from the market and because of this there is a lack of available properties and also a lack of recent sold properties. Colorado installed a "No Real Estate Showings" order for 60 days and this has affected real estate sales in the Denver metro area including the city of Castle Rock. No Real Estate Showing order has been lifted and showings have resumed. Market statistics state listings are currently down 25% over 2019 and showings have declined 25%.</p>
