<b>Comments Regarding Pricing Strategy</b>		
Subject property should be priced near mid low range of competing listings due to oversupply of directly competing properties. It is most like Sale #2 which sold for adjusted sale price of \$261,400. Subject property would be expected to sell near this price point with 90 days on market. Subject property was previously listed for sale for \$260,000 and under contract in 15 days. Escrow fell out. Property was relisted for \$232,500 and under contract the same day with no interior photographs, , no lock box, MLS states No Show. Valuation for subject property assumes typical marketing and access to show property.
